

Winter Endurance Trial 2025

Luttrellstown Castle

NOTICE OF POSTPONEMENT

ALMC Motor Club, having consulted with Motorsport Ireland, regret to announce the postponement of the ALMC Winter Endurance Trial, which was scheduled to take place on Saturday, January 25th.

Recent weather has impacted some of the venues in which we planned to host a number of selectives and despite attempts to find alternative venues at short notice, at this stage the sensible course of action is to postpone the event. This will allow us to sufficient time to plan a challenging event of the distance Endurance Trial competitors expect.

ALMC Motor Club wish to thank all those who had entered the event and we will work with Motorsport Ireland and the National Navigation Sub Commission to find an alternative date to run the event before the end of the year.

All competitor entries received will be contacted to ensure their refunds are made as swiftly as possible.

ENDS

15th January 2025
