

Tipperary LC & MCC Statement

It is with regret that Tipperary LC & MCC have taken the decision to postpone the Stonethrowers Rally which was to take place on Sunday, July 19th.

Following discussions with Tipperary Co. Council, it was outlined that the current period of hot weather, together with the forecast for continued high temperatures, have increased the vulnerability of road surfaces to damage. Any damage that could be caused to the roads by running the event on Sunday, would be borne by us, the organising club. As such, the club have taken the decision to postpone to protect the public road infrastructure and continue our good working relationship with Tipperary Co. Council.

Tipperary LC & MC will work with all necessary stakeholders including our sponsors, Tipperary Co. Council and Motorsport Ireland to try and run the event later this year.
